

I have been a patient of Dr. Drucker since he opened the Bala Plaza office.

I have had many procedures done on my teeth, all of them with little or no pain.

I had my teeth filled, pulled, gum scaled, root canal, crowns put in, an implant, x-rays and teeth cleaning with no discomfort during or after. I was not only satisfied but elated with the outcome of each procedure. If I'd listened to Dr. Drucker and did my homework some of these procedures could have been avoided.

The waiting area is clean and bright there are many books to choose from to read, plus music to listen to

Your schedule appointment is usually without delay.

The office has up to date technology and equipment and a pleasant atmosphere.

The staff is friendly, caring and helpful.

I have a great deal of confidence in his ability to do the right thing for me and the health of my teeth... and with Dr. Drucker's expertise and good advice I still have a great smile.
